

MAKE A POP UP THANK YOU CARD

You will need:

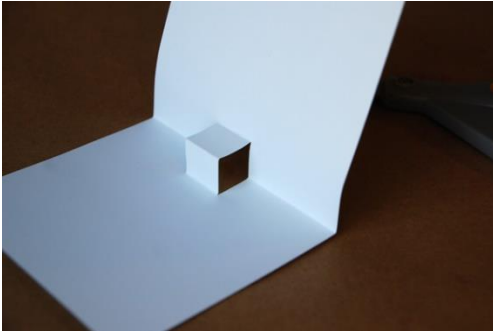

- Card or another heavy-weight paper
- Colourful paper
- Glue
- Scissors
- Pencils/crayons

Instructions:

1. Fold the card in half
2. Cut two slits on the folded side of the paper, about one inch apart and about one inch long.

3. Fold the tab up and crease it

4. Open your card and pop the paper towards the inside of the card

5. Cut a piece of **colourful paper**, the same size or slightly bigger than the card. **Glue the card to the paper**. Be sure that you don't glue the "pop-up" section down. Decorate!

6. On a separate piece of paper draw and colour something you would like to "pop" up in your card and stick to the card.
